

# Holstein Betterment Alliance Update

## North Main Community Park

Have you been curious about what the plans are for the vacant lot on 1st & Main?

HBA would like to introduce our first project! While we admit it is ambitious, we are excited to develop the open area north of the Veterans Memorial Hall at the corner of Main and 1st Street.

This space is a first impression to citizens and travelers alike as they enter downtown Holstein from the north on Hwy 59. The lot was recently purchased by the City of Holstein and demolition of the existing building was completed in 2022. Plans for the design of this space include turning it into an inviting gathering space for visitors and residents. The park space will be a short walk from A & A Food and Fuel, Veterans Memorial Hall and Backdraft Bar and Grill and many other downtown businesses.

We are excited to announce that we are just over half way to our fundraising goal of \$200,000
